## **CALVARY CEMETERY**

5239 W. Florissant Avenue  
Saint Louis, Missouri 63115

Mary Ellen Vanderlinden has brought people to North Saint Louis for the last forty years as part of her career and her love of its rich historic history. For many years, she has walked, driven and researched Calvary Cemetery in particular. On this tour, she will focus on the cemetery itself and the stories and monuments of the early French settlers (and one Irish man) who are buried in Calvary and had profound effects on the City of Saint Louis.

For your convenience print the map that is attached and bring it with you for guidance and reference.

**These are extraordinarily difficult times, there is no simple solution, I would ask everyone to respect individual request to wear masks and continue social distance. If you think you may have been exposed to COVID-19 or not feeling well don't come.**
